04/2015 - 05/2016   *72.2%*

PERSONAL PROJECTS

Developer Profile Platform (06/2021 - 07/2021) ↗
- Developed a **Web Application** where users can create their developer profile account.
- **Features** - Authentication and Authorization, Messaging, Sharing Projects, Vote/Comment on other's work, etc.
- **Technologies:** Python, Django, HTML5, CSS, JavaScript, Django REST Framework.

To-Do List App (04/2021 - 05/2021) ↗
- Web-based App with User Registration, **Login**, **Logout**, Searching, and **CRUD Operations**.
- This App helps you to note down the task you want to complete and can also be marked as completed once completed.
- **Technologies:** Python, Django, HTML5, CSS3.

Virtual Desktop Assistant (03/2021 - 04/2021) ↗
- Made a Console Program to perform many **automation tasks** like making Notes, System calls, opening Applications, and Websites, searching on Google using user voice and weather Information, etc.
- **Technologies:** Python Programming.

Facebook User Interface (08/2021 - 09/2021)
- Created a **User Interface** of Facebook Login and a Home page **prototype** for Mobile in **Figma**. This involved applying design principles to create an intuitive and visually appealing interface.
- **Technologies:** Figma.
